

Do good.
Better.TM

We're here to help.

Our calling is to serve the church out of love. For us, that means...

Envisioning how we can help churches have a greater impact on people's lives

Engaging givers with meaningful giving experiences

Empowering hardworking church staff who wrestle with inadequate tools

Enabling leadership to understand their church's financial health

Embedding generosity into every business practice and giving innovation

More than giving software. Vision2 solves your church's giving and engagement challenges.

While most giving platforms primarily collect financial gifts, Vision2 is so much more. We are the only comprehensive giving and stewardship solution integrated with HubSpot's digital CRM.

Comprehensive is just our way of saying we:

- Cover every aspect of giving
- Provide the tools for a digital-first strategy to engage and assimilate attendees
- Automate everything from start to finish
- Manage all the complexities to give you true simplicity at every point
- Function as a full-service extension of your team

We are your partner.

Our Commitment:

We pledge to continue innovating so you can focus on doing good in the kingdom.

Our Promise:

As your partner, we'll support you every step of the way.

Putting you first.

Anticipating the giving needs of every user, we forge new pathways that have been refined through years of experience and millions of transactions.

Vision2 serves your:

Givers

- A tailored, media-rich giving experience designed to inspire generosity across both offline and online givers
- Embedded giving forms on your website and all communications from your church to reduce gift abandonment and build trust
- Give2, our next-gen mobile app, for seamless, fast digital giving experiences
- Robust self-service portal to manage personal information, recurring gifts and pledges
- The option to cover processing fees helps more of their generosity reach the church.

Back Office

- Comprehensive online, offline and mobile giving and automated reconciliation, including reversals
- Detailed subledger with GL output tailored to your accounting solution and chart of accounts
- Bidirectional, real-time synchronization with your ChMS or our HubSpot CRM integration
- Full-service team of accounting, design, content and technical experts to do the heavy lifting wherever you need it
- No monthly fees, giving limits or velocity limits

Leaders

- Accessible data for analytics and detailed reporting for a ministry-first approach to giving through targeted-action follow-ups
- Customized, auto-published dashboards delivered via email or text
- Actionable data for proactive oversight and forecasting of your church's financial health
- Tools to implement a digital-first strategy with your church's financial discipleship
- Integrated best-in-class CRM for streamlined attendee assimilation and people management

Our Mission:

You can count on us to help engage your church and community more effectively.
